### Introduction

The "Knowledge Management for Management" training program is designed to equip managers with the essential knowledge and skills needed to effectively manage and leverage organizational knowledge. This course will cover the fundamentals of knowledge management (KM), types of knowledge, knowledge life cycle, and techniques for establishing and maintaining knowledge repositories. Participants will also learn about creating a culture of knowledge sharing, using collaboration tools, and developing KM strategies.

### Objectives

The objective of the **Knowledge Management for Management** training is to;

- To understand the fundamentals of knowledge management and its importance in organizational success.
- To explore different types of knowledge and how they can be effectively managed.
- To learn about the knowledge life cycle and how to create, share, and utilize knowledge.
- To develop skills for establishing and maintaining knowledge repositories.
- To foster a culture of knowledge sharing and collaboration within the organization.
- To create and implement effective KM strategies and measure their impact.

### Target Groups

This training is suitable to a wide range of professionals but will greatly benefit;

**Den Gathitu**

**Secretary General**

**Academy of Certified Human Resource Professionals**
