Course Overview

The Certified Project Management Professional (CPMP)[®] program is a six-day intensive designed to equip professionals with the tools, frameworks, and leadership mindset required to manage projects from initiation to closure. Participants will master project planning, risk management, stakeholder engagement, budgeting, and performance tracking using globally recognized standards. Through real-world simulations and hands-on labs, CPMPs will gain the confidence to lead cross-functional teams, deliver value, and align project outcomes with strategic goals.

Course Objectives

By the end of this program, participants will be able to;

- Apply structured project management methodologies across the project lifecycle
- Develop comprehensive project charters, work breakdown structures, and schedules.
- Identify, assess, and mitigate project risks and constraints.
- Manage stakeholder expectations and lead effective communication strategies.
- Monitor project performance using KPIs, dashboards, and earned value metrics.
- Control budgets, resources, and timelines with precision.
- Close projects with lessons learned, impact reporting, and sustainability planning.

Target Groups

This training is suitable to a wide range of professionals but will greatly benefit;

- Project Managers and Project Coordinators
- Team Leaders and Department Heads
- Engineers, Analysts, and Technical Leads
- Professionals transitioning into project-based roles
- Anyone managing projects without formal training
